

Come and buy great art at..

IRONFEST

PROMISE 2010

Ironfest attracted in excess of 10,000 people in both 2008 & 2009,
and is expecting an even bigger crowd in 2010.

Recognised by Tourism NSW as one of the state's most important regional events,
Ironfest is a great reason for people to visit the Blue Mountains/ Central West Region.

Ironfest has contributed over \$16 million to the local regional economy since its inception in 2000
and is expected to contribute close to \$2 million in 2010 alone.

By buying an advertisement in the Ironfest program you will be tapping a market not usually available to
you (except by spending a lot of money), as well as supporting Ironfest in its quest to grow.
